*Distinctive Catering & Events helped make the wedding day perfect! Professional service and quality food were provided. Our food and beverage coordinator was instrumental in helping us make decisions with the meal we selected. She was always very gracious and helpful. She worked very hard the day of the wedding and the table set-up could not have looked more beautiful. Bartenders were efficient and professional also. Our food was exceptional. All Distinctive staff presented themselves in a very professional manner. The food along the serving line was wonderfully presented. We had so many compliments on how great the food was. Distinctive delivered exactly what they said they would do for us. Thank you for all your hard work, all very much appreciated.*

*We used Distinctive Catering for our wedding in August and we are so glad that we did! First off, the food was AMAZING. We received countless compliments from guests on the appetizers and dinner (rare that wedding food is great). The staff is wonderful to work with. They have excellent customer service - timely responses to all questions I had. I would use Distinctive for all future catering needs!*
